12.3 (b) In addition to any other right to recovery provided in this section, the board shall
12.4 have the same right to recover the reasonable value of benefits from a collateral source as
12.5 provided to the commissioner of human services under section 256B.37.

12.6 (c) If a collateral source is exempt from subrogation or the obligation to reimburse
12.7 the Minnesota Health Plan, the board may require that an individual who is entitled to
12.8 medical services from the source first seek those services from that source before seeking
12.9 those services from the Minnesota Health Plan.

12.10 (d) To the extent permitted by federal law, the board shall have the same right of
12.11 subrogation over contractual retiree health benefits provided by employers as other
12.12 contracts, allowing the Minnesota Health Plan to recover the cost of services provided to
12.13 individuals covered by the retiree benefits, unless arrangements are made to transfer the
12.14 revenues of the benefits directly to the Minnesota Health Plan.
